COAST ARCHERS NEWS

Updates

Over the coming months, we will be updating some of our beginner archery equipment. Our current equipment has served the club exceptionally well over the years but is beginning to show signs of wear and tear.

We look forward to introducing this new equipment and continuing to provide a positive experience for all new archers.

Working Bee

- 17 October
- 21 November

We will be holding two Working Bees before two of our upcoming planned shoots and would love your help around the club. A list of jobs will be available in the weeks leading up to each Working Bee so members can see what needs to be done. Following the Working Bee, we will still be running a shoot, with a 10:00 am start time.

Many hands make light work.

We hope to see you there!
